Academic and/or creative excellence, maturity, and experience are among the qualifications considered in the appointments.
- 3 The awarding of assistantships is considered a staffing function of the department, making such appointments. The University will provide equal opportunity for employment to all persons regardless of race, color, sex, religion, national origin, age, disability, genetic information, veteran status, and encourages and maintains programs for building diversity in potential candidate pools. (See University Rule 08.01.01.R2)
- 4 Salaries for graduate assistantships are set by the Provost and Vice President for Academic Affairs after consultation with the Dean of the Graduate School.
