Glenn Hegar

Chancellor, The Texas A&M University System

Glenn Hegar became chancellor of The Texas A&M University System in July of 2025. As chancellor, he leads one of the largest systems of higher education in the nation, with a budget of \$7.3 billion and an enrollment of more than 165,000 students across 11 universities. Additionally, the System has a comprehensive health science center, eight state agencies, a research-and-education campus at Texas A&M-Fort Worth and an applied research campus at Texas A&M-RELLIS. System-wide, research and development expenditures of the System exceed \$1.5 billion and help drive the state's economy.

Hegar was raised on a farm in the small town of Hockley, just outside Houston. While he ultimately earned his degree in political science at Texas A&M in 1993, he started his college career at a local community college in order to continue helping on the farm. Those early years taught him determination, honesty and integrity, but most importantly, they taught Hegar the value of hard work.

Hegar went on to earn a law degree at St. Mary's University School of Law, where he met his wife, Dara. He also graduated with a master's degree in law from the University of Arkansas.

Hegar then spent his career in service to the people of Texas. He served in the Texas Legislature as a state representative and a state senator, and he later became the State Comptroller of Public Accounts, where he developed a reputation for delivering results, prudently managing billions in taxpayer funds and leading with principle.

Known for his hands-on leadership and deep commitment to public service, Hegar is now focused on one primary mission: unlocking the full potential of the A&M System to build the next generation of Texas leaders.

Hegar and Dara have three children, Claire, Julia and Jonah.

Mark Rudin, Ph.D.

President, East Texas A&M University

Dr. Mark Rudin was appointed president of East Texas A&M University by The Texas A&M University System Board of Regents on August 16, 2018. Rudin has a Bachelor of General Health Science (1983), Master of Science in Health Physics (1985), and Doctor of Philosophy in Medicinal Chemistry with a concentration in Health Physics (1989) from Purdue University.

Student preparedness, expanded research, and economic development are among Rudin's top priorities as president. His vision for East Texas A&M includes adapting traditional models to meet the needs of all students and providing skills development in preparation for post-graduation employment.

Prior to assuming the presidency at East Texas A&M, Rudin served as the vice president for Research and Economic Development at Boise State University. During his 11 year tenure at Boise State, he played a central role in expanding research activity and developing collaborative partnerships with both public and private entities.

Rudin previously served at the University of Nevada, Las Vegas in a variety of administrative roles before being named interim vice president for research and graduate dean. He also served as a technical/administrative assistant with the U.S. Department of Energy and as a senior program specialist/project engineer with EG&G Idaho, Inc. Rudin's career in education began in Idaho where he served as an instructor in the Department of Health Physics at Idaho State University.

Graduate Commencement Speaker

Scott Glover

Founder, Mid America Flight Museum

Scott Glover is a Texas-based entrepreneur and aviation enthusiast best known for founding the Mid-America Flight Museum in Mount Pleasant, Texas. After building success in the pet food industry, he used his resources to pursue his passion for aviation, beginning to collect vintage aircraft in the 1990s. Over time, his collection grew into one of the largest privately owned collections of historic warbirds and classic planes in the region, leading to the establishment of the museum in 2013.

Glover's vision goes beyond simply displaying aircraft—he emphasizes keeping them airworthy, believing that planes are meant to fly. Through the museum, he has helped preserve aviation history while also giving back to the community by offering flights to veterans and creating educational opportunities to inspire future pilots.

Glover also launched Huey's Coffee in 2022. The company includes eight coffee shops across Texas and Ohio, serving locally roasted coffee through Glover's related business.

Commencement Speakers

Maegon Courtney

Bachelor of Business Administration

Born and raised in Pineville, Louisiana, Maegon Courtney made the life-changing decision to move to Texas in pursuit of a brighter future for herself and her son. After experiencing the heartbreaking losses of both her mother and grandmother, Maegon found the strength to return to school at Dallas College (Richland Campus). Inspired by her mother's unwavering belief that she had the potential to earn multiple college degrees, she remained determined to fulfill that dream.

Maegon earned an Associate of Arts with a Field of Study in Business Administration and Management from Dallas College before transferring to East Texas A&M University, where she earned her Bachelor of Business Administration in Management. Her dedication to academic excellence earned her recognition on the President's Scholars List and the Dean's List.

While attending college, Maegon worked as an Optician at Walmart Vision Center, where she developed leadership and customer service skills, and volunteered with the American Red Cross and Goodwill.

Following graduation, Maegon plans to pursue a Master of Business Administration (MBA) in Management and build a career in nonprofit leadership, with the long-term goal of establishing her own nonprofit organization to positively impact underserved communities. Her journey is a testament to resilience, perseverance, and the power of honoring the legacy of those who believed in her.

Jackie Hodges

Bachelor of Applied Arts and Sciences

Jackie Hodges is completing a Bachelor of Applied Arts and Sciences in Human Resource Development. She works full-time as a Payroll and Benefits Specialist with Athens ISD while balancing family life. Jackie has been married to her husband, David, for 26 years, and together they have two daughters, Maci and Sadi. She pursued her degree to show her girls that it is never too late to reach your goals and achieve your dreams. In her free time, she enjoys spending time with her family, crafting, and playing pool. After graduation, she plans to continue working at Athens ISD until retirement, focusing making positive impact in her workplace and community.
